BIBI Thought for the Week:

"A day when deaf people and their language are completely accepted -- no, more than that, truly welcomed -- a part of the family of man, in which God created diversity not to oppress the minority who are different, but to enrich the lives of all."

Laurent Clerc

The ISD Campus Bulletin is published weekly throughout the school year. Submissions should be sent to:
Visitor & Information Center, Alumni Hall Room # 133
Deadline - Mondays

Computer Orders Due

October 15th is the due date for submitting computer orders to the Business Office. Requests not received by October 15th, 1992 will not be processed until the '93 - '94 school year. Please submit orders to Janet Stailey. Priorities will be decided by the Management and Consulting Teams.

Scoliosis Screening

Indiana Law 20-8.1-7-19 requires all schools to screen students in the fifth, seventh and ninth grades for scoliosis. Screening will begin in October in the Health Center.

Scoliosis is a lateral, or side-to-side curvature of the spine. Its most rapid progression occurs during adolescence. There is no known way to prevent scoliosis and the cause is often not found. Early detection is the only way to prevent this condition from becoming a severe problem.

The purpose of the screening program is to discover spinal deformities early so that treatment can begin early, often preventing later surgery. The examination is done by observing the spine from front, back, and while bending over. Only the students' shirt and shoes are removed for the examination, which is conducted in the privacy of the Health Center. Individual results will be mailed to all parents. **The school Health Center must be immediately notified in writing by parents who do not want their child screened.**

Weight Watchers & Aerobics Classes?

The rules for starting an *At Work Program* have changed and instead of 15, 20 people interested in becoming slim and trim are needed in order to establish the group. So far 17 people have turned in their names as being interested. Staff Development Coordinator Mary Alice Moon said "encourage your friends to join so we can celebrate each other's successes. Contact me as soon as possible!"

A woman in Ann Reifel's A.S.L. class who is a certified aerobics teacher is very interested in offering a class on campus. If fifteen people express interest in such a class, the fee would be modest. Mary Alice stated "if you have the desire to firm up your body and have a good time while you are doing it, send your name to me!"

Welcome New RA

The Campus Bulletin welcomes Residential Advisor (RA) Gerald Kapsner to ISD. Gerald, who earned his BA in Sociology from Gallaudet in 1991, hails from Minnesota. While in school he served as an editor on the "Buff and Blue", Gallaudet's weekly paper.

Jamaican Students' Visit a Success

When a group of Deaf Jamaican students visited ISD recently, Student Development Coordinator Debbie Fetzer and Dean of Girls Yvonne Catt were instrumental in getting the dorm ready for the last minute visit. The group shared songs and their culture with ISD students in second floor Coed Lounge. The night was an enriching experience for all.

Kathy Smith, Visitor and Information Center Director, extended her appreciation. "The Dorm staff and ISD's high school students did an excellent job welcoming our Jamaican guests."

Elementary/Preschool Parent Meetings Begin

The first monthly meeting of ISD's Elementary and Preschool parents was held Sunday, September 27, 1992. Twenty-nine parents and six ISD staff representatives attended the first '92 - '93 meeting of the informal discussion and support group. The featured speaker was ISD's new Superintendent, Eddy Laird. Discussion centered on a proposal to relocate ISD's Preschool to portions of Raney Hall and move former residents of Raney to new quarters in what is currently Preschool. All parents who spoke at the meeting stated their support for the move.

The group, now in its 2nd year, has no formal officers. Meetings are facilitated by parent volunteers. The group thanked Denise Wilson and Sharon Davis for their year of service in that role and welcomed Julie Brink and Barb Gantt as this year's co-facilitators. The next meeting will be Sunday, October 25th, 4 - 6 pm in ISD's Multi-Purpose Room.
